SECOND DAYS RACES PLEASE BIG CROWD

Two Races Went to Four Heats—Races Will End Today.

A good crowd witnessed the second day's racing at the Fairmont Fair which was both fast and interesting, two of the three harness races being four heat affairs while the third event the 2:15 pace was won in straight heats by the Clarksburg pacer Direct Bell.

The \$1,000 2:22 pacing stake, while having only three starters, was a real horse race between Hal B. Patchen and Peter Oakley, Peter Oakley winning the second heat and trying hard for each of the others. The 2:19 trot was the best race of the afternoon, the bay mare Island Queen winning from Bon Ton after finishing third the first mile. In the run Noiseless managed to creep up where the judges could see him first.

Following are the complete results of the second day at the meeting:

First Event—2:22 Stake Pace, Purse \$1,000.

Hal B. Patchen, br. h. by Hal B. (Rising)..... 1 2 1 1
Peter Oakley, blk. h. (Price-Gray)..... 2 1 2 2

Argot Bell, b. m. (Shaffer)..... 3 3 3 3
Time—2:16 1-4; 2:16 1-4; 2:17 1-4; 2:15 1-4.

Second Event—2:19 Trot, Purse \$400.
Island Queen, b. m. by Com-poser (Reed)..... 3 1 1 1

Bon Ton, br. h. (Haywood)..... 1 2 4 2
Rosa Lee, b. m. (Reaves)..... 2 3 2 3
Beaver Bell, b. m. (Croy)..... 4 4 5 4

Aroo, b. g. (McHenry)..... dis
Time—2:18 1-4; 2:17 1-4; 2:18 1-4; 2:15 1-4.

Third Event—2:16 Pace, Purse \$400.
Direct Bell, blk. g. by King Di-rect (Drake)..... 1 1 1 1

Rascal, b. g. (Willis)..... 3 2 3 3
Toy, b. g. (Reaves)..... 2 3 5 5
Baroness Watson (Stout)..... 4 5 2 2

Red Bird, b. g. (Longnecker)..... 6 4 4 4
Olander Boy, b. g. (Friedman)..... 5 6 6 6
Time—2:16 1-4; 2:15 1-4; 2:16 1-4.

Fourth Event, Three-Quarter Mile Run Purse \$100.
Noiseless won; Judge Curry was second; Front Royal, third. Miss Maude was left at the post.

The racing will end today unless one of the four events scheduled for this afternoon is unfinished, remaining to be completed Friday.

Homemade Varnish.
A simple recipe for a good varnish suitable for table tops is as follows: Mix enough lampblack with shellac to make the mixture black, but not enough to thicken it much. After sand-papering the wood smooth, apply two coats of varnish, sandpapering lightly after each coat. Over this put one or two coats of dull varnish. This makes the wood waterproof, preserves it, and improves the appearance of the table top.

Prevalent Complaint.
All the world's a stage and one of the most pathetic of all the pathetic features of everyday life is the way mediocre performers so often contrive to get into the leading roles for a time.—Ohio State Journal.

Bidding Goodbye to Tire Trouble

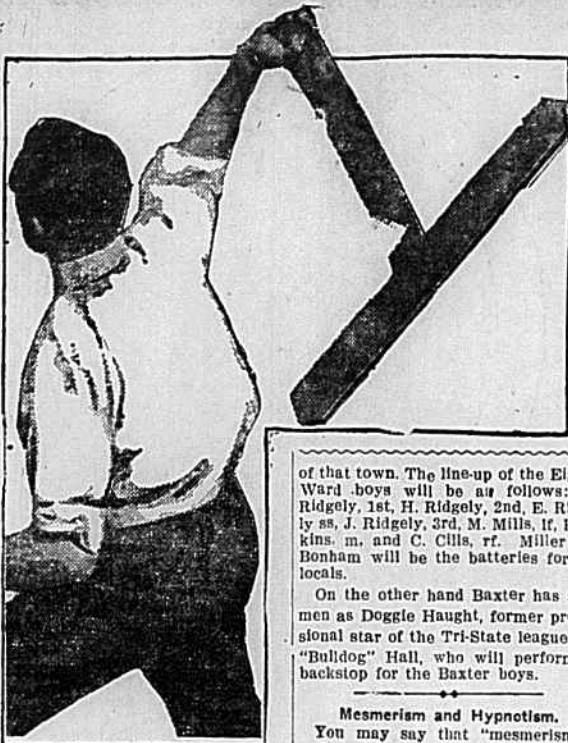

If you are continually having tire trouble, and are paying big prices for little tire satisfaction, you want to get wise to the fact that there is a tire that combines maximum service at minimum cost. That tire is the Falcon. The motorist who buys a Falcon isn't continually stopping at the roadside repairing blowouts, and blistering his hands getting his tires up to 80 pounds. He has said his fond farewell to these trials. There is more in motoring for the man who rides a Falcon.

Buy Falcons First For Falcons Last

Our service station is recognized as the best place in town to buy automobile supplies and accessories of all kinds. Standard gasoline, the lowest carbon test oil on the market, and that wonderful engine saver the Moto-Meter, batteries, Klaxons, tools, everything that a car needs, you will find it here. Storage Batteries repaired and recharged.

of that town. The line-up of the Eighth Ward boys will be as follows: F. Ridgely, 1st, H. Ridgely, 2nd, E. Ridgely, 3rd, J. Ridgely, 3rd, M. Mills, 4th, Hawkins, 5th, and C. Ellis, 6th. Miller and Bonham will be the batteries for the locals.

On the other hand Baxter has such men as Doggie Haught, former professional star of the Tri-State league and "Bulldog" Hall, who will perform as backstop for the Baxter boys.

Mesmerism and Hypnotism.
You may say that "mesmerism is a form of hypnotism," or you may, with equal propriety, say that "hypnotism is a form of mesmerism." It is as broad as it is long. Mesmerism is so-called from the fact that it first sprang into prominence through one F. A. Mesmer, a German physician of Merseburg, about 1760. The name mesmerism has in these days been eclipsed by the more familiar hypno-

CHICAGO, Ill., Aug. 23.—A young college man, Claude Robertson, post graduate student at the University of Chicago, sent a big wooden Y hurtling through the air the other day and it kept its equilibrium for 600 feet, returning to the spot from which it was flung.

This may not seem startling news on a hot summer day, but the wooden Y, or boomerang, may be the forerunner of a superdreadnaught aeroplane that will have greater speed and stability than any air craft heretofore invented, for Robertson believes that his discovery can be applied directly to airships.

Robertson's boomerang was under perfect control when it went through space, and there was almost no friction with the air.

It is about two feet from stem to end of each branch, and it is about four inches across.

Robertson has devoted his life to the study of laws of motion. His special object has been a search for boomerang curve which is an enigma to students of physics.

The boomerang which made the journey of 600 feet and returned to the exact spot from which it was flung is made of specially treated wood. It moves so swiftly the eye can scarcely follow it.

Eighth Ward Team Plays Baxter Sunday

The Eighth Ward Independents, under the management of Art Kern, will journey to Baxter Sunday afternoon, where they will meet the diamond men

French Lawyers Went on Strike.
Over 300 years ago one of the most unusual strikes ever recorded took place in Paris, when all the lawyers walked out, so to speak. A law or ordinance was issued and promulgated by the French king, Henry III, ordering all lawyers to sign their pleadings and to state the amount they were charging their clients for their services. This was done so that the lawyers could be properly and sufficiently taxed on their income. The lawyers objected, and the strike, causing an entire stay of judicial proceedings, followed. Peace was restored by the non-enforcement of the ordinance, though it was not repealed.

Democracy Wins.
"I've got three queens," said the man who had opened the pot. "Three kings," said the next man, reaching for the money. "Hold on," said the third player. "Royalty cuts no ice here. I've got a whole bunch of common people." Then he threw down four deuces and raked in the dough.

Explaining Fluency of Speech.
The common fluency of speech in many men and most women is owing to a scarcity of matter and a scarcity of words; for whoever is a master of language and has a mind full of ideas, will be apt in speaking to hesitate upon the choice of both; whereas common speakers have only one set of ideas, and one set of words to clothe them in, and these are always ready at the mouth, so people come faster out of a church when it is almost empty than when a crowd is at the door.—Swift.

Designed Canal Locks.
To be told that Raphael in his spare moments when not painting a Raphael was constructing a locomotive would scarcely surprise you more than to be told that Leonardo da Vinci was a pioneer canal lock builder. But the hand that put upon the walls of that historic church in Milan "The Last Supper" also designed the locks for Milan's canal.

SAVE MONEY ON GASOLINE

FOR the convenience of automobile owners, we will sell hereafter until further notice gasoline coupon books, each book being good for fifty gallons. We will sell these books for \$12.00, which is at the rate of 24c per gallon. Our regular price for gasoline is 28c per gallon. This will effect a regular saving to the owner of 4 cents per gallon.

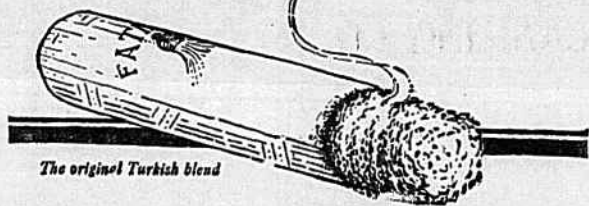

We will discontinue our Saturday's sale of gasoline and are giving you the opportunity to buy gasoline in this manner because we believe it will mean a greater saving to each owner.

Call us on the phone today, and let us explain this proposition to you in detail.

The Car that Lasts Hudson Super-Six

It will be many years from now before we can tell you how long a Hudson Super-Six will last.

The records which the car has achieved cover the greatest strains a motor car ever met. Many a great engine has gone to pieces under far lesser strains.

Years of ordinary driving would never tax a motor like the thousands of speed tests. Yet the wear on the Hudson Super-Six was almost nothing.

After nearly four thousand miles of record-breaking strain, the car showed no perceptible wear.

Chalmers Cars for 1917

For 1917, Chalmers announces an amplification of the famous 3400 r. p. m. Chalmers Six-30 line, an assured success of the 1916 season.

Realizing the demand for a car of larger carrying capacity, the seven passenger touring car on the longer wheelbase was produced.

The Chalmers Six-30 will be built in two lengths of wheelbase—a 115-inch five passenger car and a 122-inch seven-passenger model.

On these two wheelbases our designers have built seven body styles ranging from the two-passenger Roadster to the seven-passenger Limousine. In the 115-inch class

(the Touring, Roadster and Cabriolet models), only minor changes of refinement have been incorporated. The 122-inch class includes four models (a Touring, Sedan, Town Car and Limousine) now shown for the first time to the public. Both the 115-inch and 122-inch wheelbase cars are equipped with 3400 r. p. m. Chalmers motor.

Prices F. O. B. Detroit.
Roadster \$1070
Six-30 5-Passenger \$1090
Cabriolet \$1440
Six 30 7-Passenger \$1280
Sedan \$1780
Town Car \$2480
